## BACK TO SCHOOL

It's that time of the year again; our streets are filled with children, cars and buses. We must stay vigilant and focus on our surroundings especially in a school zone, around Bus stops in neighborhoods, residential streets, school crossing and pedestrians sidewalks. This activity will occur twice a day, in the morning and the afternoon. If at all possible try to avoid these areas at this time. If it is unavoidable please proceed with extreme caution.

In some areas school may have already started back and you might see an increase in traffic volume, we must plan ahead and set our route accordingly. Give yourself adequate time when traveling through school zones. It's a slow go process so watch your speed and obey all state and federal laws while in a school zone.

Keep your cool and focus on the job at hand,  
remember the life of a child is in your hands.

## Trimming & Pruning

Trimming of trees located within the public right-of-way to a safe height (6'6" to 7') above the sidewalk and more extensive pruning may be requested by submitting a written request to the Public Works Department, Town Hall, 25 N. Second St.. The Public Works Dept. will direct your request to the Waterville Tree Commission. Any tree limbs thought to be hazardous should be immediately reported to Town Hall at 878-8100 or the Public Works Dept. at 878-8108.

## Mulching

There are many benefits to mulching your trees. It helps maintain soil moisture and control weeds. Some mulch can

improve soil structure and drainage. Organic mulch is preferred to inorganic materials due to the soil enhancing properties of organic materials.

If you chose to mulch the trees on your property, it is important that you do so properly. Too much mulch may actually harm the trees. Over mulching or creating a "mulch volcano" may cause problems for trees, inviting insects and disease. It is better to mulch wide than mulch deep.

It is also important to keep the mulch away from the trunk of the tree. It is best to form a ring of mulch around the tree, keeping the mulch 6" away from the trunk. A depth of 2 to 4" of mulch is generally recommended. The proper shape is

similar to a doughnut. This will hold water but won't invite insects and disease to infest the trunk.

## Watering

With the warm, dry weather we have been having, it is important to water the trees on your property. It is especially important for newly planted trees to get regular watering.

## More Information

If you have questions regarding the topics covered here or other tree information, there are many resource pamphlets from the International Society of Arboriculture available at Town Hall.

# SAFE & HAPPY HALLOWEEN

Thursday October 31st  
6:00 p.m. - 8:00 p.m.

*Halloween may be a fun holiday for kids, but for parents, trick-or-treat time can be a little tricky. Concerns about children's safety, whether they are out in the neighborhood or back home with bags of booty - can darken the day more quickly than a black cat. But not to worry! To make Halloween a treat for all, follow these safety tips:*

### MAKE SURE YOUR KIDS DRESS UP SAFELY

-  Check that the costumes are flame retardant so the little ones aren't in danger near burning jack-o-lanterns and other fire hazards.
-  Keep costumes short to prevent trips, falls, and other bumps in the night.
-  Make sure kids wear light colors or put reflective tape on their costumes.
-  Trick-or-treaters always should be in groups so they aren't a tempting target for real-life goblins. Parents should accompany your children.

### MAKE TRICK-OR-TREATING TROUBLE FREE

-  Make sure older kids trick-or-treat with friends. Together, map out a safe route so parents know where they'll be. Tell them to stop only at familiar homes where the outside lights are on.
-  Try to get your kids to trick-or-treat while it's still light out. If it's dark, make sure someone has a flashlight and pick well-lighted streets.
-  Make sure kids know not to enter strangers' cars.

1. Residents are limited to three (3) bags/containers per week. Each bag/container must weigh 50 lbs or less.
2. Households with an excess of 3 bags/containers may purchase extra bag tags for \$1.00 each at the *City Office, 25 N. Second St. (Hours are 8:00 a.m. to 4:30 p.m. Monday thru Friday).*
3. **Large, bulky items**, such as furniture and appliances are collected the same day as regular trash. Residents must purchase a bulk item sticker for each item. Large item tags are available for \$10.00 at the City Office.
4. **Appliances.** Residence are responsible for the removal of all Freon Refrigerants from applicable appliances prior to collection. A certification label must be affixed to the appliance. This requirement is mandated by Federal Law.
5. **Bi-Annual Unlimited Collections.** The City of Waterville will have a one day unlimited clean-up twice per year for residents to dispose of unwanted items. Collections will be curbside and items will not require tags on this day only.
6. **Holiday Collection Schedule.** Stevens Disposal & Recycling observes the following holidays: January 1, Memorial Day, July 4th, Labor Day, Thanksgiving Day & Christmas Day. There will be no collection of these holidays. Collections will be one day late for the day of the holiday and those days following. Monday collections will be on Tuesday. Holiday collection schedule does not apply if holiday is observed on a Saturday or Sunday.
7. **Exclusions.** Curbside collection excludes the following materials: Yard waste, including brush, grass, leaves, shrubs; auto parts; tires; building materials, including paint, concrete, metal pipes, and rocks; liquids, motor oil, hazardous chemicals, pesticides, insecticides; dead animals. If you have any questions regarding the handling or acceptability of an item, please contact Stevens Disposal or the City Office.
8. **Bags & Containers.** Use only standard, regulation metal or plastic waste containers or bags 1.5 mill or stronger. *Do not use cardboard boxes, waste basket liners, plastic or paper grocery bags, barrels or laundry baskets for the curbside collection of your waste or recyclables. This is a litter as well as a safety precaution for the drivers and collectors.*
9. **Special Services.** Stevens Disposal & Recycling Services provide collection and containers for special projects such as remodeling & certain excluded items. Please contact Stevens Disposal directly should you require additional or special services.

## CURBSIDE RECYCLING GUIDELINES

Residential curbside recycling is provided through the City's contract with Stevens Disposal & Recycling. Each Monday Stevens Disposal will pick up recyclables and refuse.

- Recyclables **do not** need to be sorted. Place your recycling bin at the curb away from your refuse. Do not use plastic bags or cardboard boxes as recycling containers. You can purchase extra recycling bins at the City Office, 25 N. Second St. (Hours are 8:00 a.m. to 4:30 p.m. Monday thru Friday).

### Recyclable Items Include:

1. **Newspapers and Cereal Box-Type Paperboard:** *Stack in paper grocery bags or tie with string. No wet newspapers.*
2. **Clear, Green, and Brown Glass Bottles and Jars:** *Remove lids and rings. Rinse clean.*
3. **Plastics #1 through #7:** *Remove lids and rings. Rinse clean. Flatten if you wish to save space.*
4. **Aluminum and Steel Cans:** *Rinse clean and remove any paper labels. For safety place the lid inside the can and pinch the end closed.*
5. **Brown or White Corrugated Cardboard:** *Remove all packing materials. Break boxes down into sections not more than two feet long. Bundle boxes together with string. You may leave tape, staples, and address labels on boxes.*

**When writing a check to the City  
for a Utility or Tax Payment  
please make check out to  
\*\*City of Waterville, or just Waterville,\*\*  
it is not necessary to write Municipality on the check .**

**POLICE immediately at 419-878-6666 or 911.**

## ANNUAL SIX WEEK LEAF COLLECTION PROGRAM

**BEGINS OCTOBER 14th**

The Waterville Public Works Dept. will be collecting leaves throughout the City. The City will be divided into two sections at the TLEW Bluebird railroad tracks, with pick-up on alternating weeks between sections. See map and schedule below left. We ask that you please read and follow the reminders listed below:

- ◆ **Please DO NOT rake leaves into the street or put them in a container.**
- ◆ **Keep parked cars away from piles so that the crews can reach them easily.**
- ◆ **Check leaves for:**  
Limbs or sticks, corn stalks, garden waste, rocks, grass clippings & weeds.

Leaves mixed with these items **WILL NOT** be picked up! The items listed above can damage and/or clog the intake & vents on the equipment resulting in major costs & delays.

Please help us to better serve you by ensuring that these items are removed prior to collection.

**The City's leaf removal program will end**

**November 22nd**

Anyone with leaves that fall late may dispose of them at the Clean Wood Recycling Facility located at 6730 Anthony Wayne Trail until Friday

**November 29th**

If you have any questions please call the Public Works Dept. 419-878-8108

**“From  
This Old  
Catch Basin”**

Note: Here is some information about the release of phosphorus (P) from leaves and grass clippings. The striking bit from this data is the rapid release of P from lawn waste into the waterway.

Don't allow grass clippings and leaves to get into storm sewer drains. In Waterville, the storm drain system is most visible as catch basins along the edge of streets. It is so convenient, neat, quick and easy to use a blower after mowing and blow all that unsightly yard waste into the street and out of the way. From the street, it just goes away RIGHT?

Storm water discharges directly into a waterway that quickly ends up in Lake Erie. There is no sewage plant treatment of storm water. Keeping this source of lake water clean depends on keeping foreign materials away from rain water that is carried away.

Leaves and grass clippings contain significant quantities of P that quickly dissolves in water. This process releases P that is soluble, the dissolved P travels as a part of the water that enters Lake Erie. About 50% of the total P in leaves and clippings is released within ONE DAY of immersion in storm water.<sup>1</sup> The media describes what happens as the amount of dissolved P accumulates in Lake water and algae blooms begin to flourish.

Ditches, farm fields, overflowing sewage plants, failing septic systems, trees and brush that fall into creeks and rivers, organic materials in the rain water all release P that combines to result in algae that varies from nuisance to toxic putting the health of the Lake and all creatures that depend on the Lake at risk.

Please do your part to restore Lake Erie.

<sup>1</sup> Grass and Leaf Decomposition and Nutrient Release Study Under Wet Conditions information provided by Justin Strynuchuk and John Royal; Brevard County Surface Water Improvement. 2725 Judge Fran Jamieson Way, Viera, FL 32940

Also a yearly reminder from the Sewer Department

We can all be a part of the solution to storm water pollution if we practice common sense in our daily routines.

Some examples are:

- ✦ Never Drain Antifreeze, motor oil or paint into a storm basin or storm sewer.
- ✦ Never dispose of any household chemicals or any animal waste into the storm system.

Contact Town Hall at 419-878-8100, for information on proper disposal centers in Lucas County.

***A little bit of History...***

*Emergency Resolution of 1912*

*The Wakeman Archives has been the recipient of many old documents from the Village of Waterville. They provide interesting insight into the problems the early residents had to deal with. The Archives at 401 Farnsworth Road is open 10 a.m. until 2 p.m. every Wednesday, May through October. The public is welcome.*

**A RESOLUTION**

**Declaring it necessary to build a Foot Bridge across the Miami and Erie Canal at Mechanic Street in the Village of Waterville, Ohio.**

**BE IT RESOLVED; By the Council of the Village of Waterville, State of Ohio, three-fourths of all members elected thereto, concurring**

**Section 1. That it is necessary to build a Foot Bridge across the Miami and Erie Canal at Mechanic Street in the Village of Waterville, Ohio, that the same be built so that the channel in said Canal may be free of all obstruction for the full width of sixty feet.**

**Section 2. The Clerk is hereby authorized and directed to have plans and specifications for the said Foot Bridge prepared, the same to be submitted to the Council for its approval.**

**Section 3. This Resolution shall take effect and be in force from and after the earliest period allowed by law, and this resolution is hereby declared to be an emergency measure.**

**Passed June 10, 1912.**

**Attest. C. J. Fisher, Clerk**

**W.F. Bath, Mayor**

# CALLING EMERGENCY SERVICES

Provided by:

## The Waterville Police Department

911 is your connection to police, fire, and rescue services. Our Communication Operators are highly trained, dedicated professionals who assist you in getting the help you need. Please remember these tips whenever you call 911:

- ◆ Teach children to use 911 properly and remind them it is not a toy.
- ◆ Put your address information near the phone and make sure children and babysitters know where to locate it.
- ◆ If you dial 911 accidentally, please stay on the line and tell the operator it was an accident. If you hang up they will send emergency personnel to your location unnecessarily thus tying up resources.
- ◆ Be prepared to answer questions. Listen carefully; speak clearly and try to remain calm.
- ◆ You will be asked questions to determine the nature of your emergency.

- ◆ The call-takers are experienced “information gatherers” and their persistence is based on a need to provide accurate and specific information to the attending emergency personnel.
- ◆ You will likely be asked many specific questions.
- ◆ Please understand that while they are asking you questions, they are relaying vital information simultaneously to emergency personnel.
- ◆ The more information emergency responders have before they arrive on the scene, the better prepared they are to help you.
- ◆ Communicate your location as soon as you are asked.
- ◆ Know your location at all times. This is particularly important if you are calling from a cell phone. Cell phones do not provide name, number or location information because the phone is not registered to a fixed location like an in-home telephone. This is a serious safety issue.
- ◆ You should know what city you are in, building or home address, cross street, landmarks, etc.
- ◆ Persons who place false 911 calls are violating the law and face criminal charges and fines.

### Bicycles

Each year there are numerous bicycles found and turned over to the Waterville Police Department. Most bicycles have no owner identification on them and go unclaimed. Waterville Municipal Code 373.12 requires bicycles that are used on any street or public place of the Municipality to be registered with the Police Department. Waterville residences can obtain bicycle license tags for **FREE** at the Waterville Police Department office 25 N. Second Street Waterville, Ohio 43566.

A bicycle being unlocked is a bigger factor in whether it gets stolen than how expensive the bicycle is.

#### Tips to prevent your bicycle from being stolen:

- Never leave your bicycle unlocked even for a minute.
- Use a bike lock. For the best protection, put the lock through both the frame and the front wheel when locking the bicycle to something. U-Locks are better than cable or chain locks both together are best.

- Always secure your bicycle to a SOLID object.
- Lock your bicycle in an open, well-lit area that can be seen by pedestrians and passing motorists.
- Do not leave your bicycle in a rack overnight. Check the rack to see if is easy to take apart or broken at the top or bottom.
- Be sure to secure any quick-release parts such as wheels or seat posts.

Report your stolen or missing bicycle promptly to the police department.

The City of Waterville is always interested in hearing opinions and comments from its residents. Please visit the Contact page on our website [www.waterville.org](http://www.waterville.org) or send us a note and tell us of your suggestions about our city.

## Roche de Boeuf Festival Features “Pioneer Arts”

Take a walk back in time on Saturday, September 28<sup>th</sup> where the Waterville Historical Society coordinates many attractions on their campus on S. River Road (one block south of the old school). Free events include an Indian Trading Post encampment; butter churning, corn shelling, beekeeping, soap making, Indian face painting, basket weaving, blacksmithing, quilting, rug weaving, spinning, rope making, tin punching, woodcarving, and more. Children may participate in many of these activities and learn an appreciation of the skills our pioneers needed to survive in their daily lives. There will also be a coloring table, Indian leaf casting, and Indian face painting for children.

A small stage at South and S. River Roads will feature storytelling for kids (11:00 AM); a square dancing demonstration (Noon) as well as stories of days of old (1:30 PM) and a very special young banjo player (2:00 PM).

Musical entertainment will be provided throughout the day by a singing minstrel outside and a harpist and pump organist inside the Robbins House. Both Robbins and Sargent house museums will be open for touring.

The annual Silent Auction will feature a framed print (1/1) of Dave Myerholtz’s “Canal Days,” a Victorian doll house filled with miniatures, and a Brian Lonsway glass piece. The Attic Treasures tent will open early in the day and will include a wide variety of collectibles. Books published by the Society as well as stationery and other items of interest will be for sale. Parking is available for a donation at Wakeman Hall, 401 Farnsworth, all of which provides proceeds to help the Society maintain their three museums and continue their educational programs.

### Highlights include:

Interactive demonstrations with artisans, re-enactors and entertainers from the Pioneer Days of Northwest Ohio. This event is free & open to the public.

Find us at;  
S. River Rd. & South St.  
1 block west of the Antique Car Show.

serving all of the Anthony Wayne Area and Beyond

Become a part of Waterville's history with the purchase of an engraved brick for you or your loved ones! Bricks are located in the entranceway of the clock tower building at the corner of the Anthony Wayne Trail and Farnsworth Road and are visible to thousands of visitors to downtown Waterville each year.

Engraved bricks make a great permanent gift and are an excellent way to commemorate any special occasion, to recognize family members or to provide a lasting memorial for a loved one. Each brick you purchase helps to support revitalization efforts in downtown Waterville.

Engraved bricks are available in two sizes:

4" X 8" with up to three lines of text with up to 13 characters in each line (including spacing and punctuation) per line: \$100.00

8" X 8" with up to six lines of text with up to 13 characters in each line (including spacing and punctuation) per line: \$225.00

To order your engraved brick, simply fill out the form below and drop it off or send it along with payment to the:

City of Waterville, 25 N. Second St., Waterville, Ohio 43566-1491.

If you have any questions, please call the City at 419-878-8100.

# Waterville Fire Department

## HOT SPOTS

### Volunteer Firefighters Needed

The City of Waterville Fire Department is looking for persons that would be interested in becoming volunteer firefighters. Waterville's Fire Department is staffed by 30 volunteers, and 15 part-paid personnel that work 12 hour days during the workweek. The fire chief is the only full-time employee of the fire department. Across Ohio, the need for volunteer firefighters to fill the ranks of the fire service continues to be a challenge for small communities. Approximately 75% of fire departments in Ohio are staffed by volunteer firefighters.

Individuals that are interested in volunteering must be at least 18 years of age at time of applying, and possess a high school diploma or GED. In addition, volunteers must reside within the City of Waterville Fire Department's fire jurisdiction – which is the City and portions of Waterville Township. Volunteers are trained at the starting level, which in Ohio is a 36 hour mandatory fire course; and within the first year are also required to become Emergency Medical Technician-Basic service providers. Volunteers train every Tuesday or Wednesday morning, providing a flexible schedule for persons that may work various shifts. In addition, volunteers are compensated for their time, which includes training and fire and emergency medical service incidents. If you are interested and would like to learn more about this opportunity to serve your community, please stop at the Waterville Fire Department, located at 751 Waterville-Monclova Road, Monday through Friday, and ask to speak to the fire chief about applying. You can also contact us at [watervillefire@waterville.org](mailto:watervillefire@waterville.org), or call 419- 878-0165.

### FIRE SAFETY TIPS FOR THE FALL, 2013

There are several points of interest regarding fire safety that are important for homeowners to be aware of and carry out, especially with fall and winter approaching:

-  It is a proven fact that smoke detectors save lives! Throughout Ohio and across the United States, each year many persons perish or injured because they do not have working smoke detectors in their homes. According to the State Fire Marshal's office, there have been 63 fire deaths as of July 31, 2013. Many of these deaths could have been prevented in working smoke detectors had been installed and maintained in homes. Smoke detectors should be located on every level of your home. And more importantly, should be maintained. Replace smoke detectors that are over 10 years old, and keep the batteries changed when you change your clocks.
-  Now is the time of year to change your clocks back an hour, so it is also time to change the battery in your smoke detector(s). Batteries are relatively an inexpensive item to purchase to assist in maintaining these fire safety devices - that can help save your life if a fire should occur in your home. Even if the smoke detectors in your home are hard-wired to the house's electrical power system, a battery back-up in a smoke detector provides the extra assurance that the detector will work if the power goes out.
-  Can't afford a smoke detector for your home? The Waterville Fire Department has made arrangements with the Safe Kids Coalition of Greater Toledo to have smoke detectors available at the Waterville Fire Department for families that cannot afford these life-saving devices. If you are in need of a smoke detector, please contact the Waterville Fire Department at 419-878-0165, Monday through Friday, for further assistance.
-  Do you have a wood-burning fireplace in your home? When was the last time it was cleaned by a professional chimney sweep? It is important to have wood-burning fireplaces or stoves cleaned by a professional on a yearly basis, especially if you use this type of heating appliance on a regular basis. The build-up of creosote on the lining of a fireplace or stove's flue can create a dangerous condition if the flue itself catches fire. Professional chimney sweeps can be found in the telephone book's yellow pages if you need this work completed.
