EMPLOYEE RECOGNITION

The City of Waterville wishes to recognize the following employee for their continued commitment to our community.

> **Randy Ruble** Volunteer Firefighter

> > 10 Years

~~Waterville Historical Society~~

Beginning November 1 through April the The Wakeman Archival Research Center will be open by appointment, and depending on the weather conditions and availability of staff, the archives will be open Wednesday mornings at 10 a.m. Look for the "Open" flag on the front of the building. Located upstairs at Wakeman Hall, 401 Farnsworth Road, the archives is starred by Waterville Historical Society volunteers and contains records of Waterville organizations, businesses, churches, schools, cemeteries, etc., as well as family files and local history. Admission is free.

To schedule an appointment call 419-878-3425 or 419-878-2576

Help fulfill our dreams! Please include the

Waterville Historical Society

in your annual charitable giving.

"We support the **Waterville Historical Society** because we find it personally fulfilling to know that their informative programs and facilities will continue to provide a local history experience to all who wish to continue learning about our community's past."

~Member and Donor

The end of the year is just around the corner, and there's no better time than now to show your support for the Water-ville Historical Society's life-enriching programs and ongoing need to maintain its historical facilities and collections. If you value the experience of learning alongside peers who share your belief in the rich local history that we work to preserve, please make a 2015 Tax Year contribution today. Your gift will support our mission to collect, preserve, provide access to, interpret, and foster an appreciation of the history that has had an impact on Waterville and its surrounding area.

How to make your tax-deductible gift:

Online at www.watervillehistory.org

Click on "Join & Give"

- Make check out to "Waterville Historical Society Foundation."
 Mail to: Toledo Community Foundation, 300 Madison Ave. Suite 300, Toledo, OH 43604
- Make check out to the Waterville Historical Society.
 Mail to: P.O. Box 263, Waterville, OH 43566

Christmas Tree Curb Side Recycling

This holiday season, the City of Waterville will again offer curb side pick-up of live Christmas trees.

Collection will begin on Dec. 28th and will continue until Jan. 8th

You may also bring your tree to the

Clean Wood Recycling Facility

At 6730 Anthony Wayne Trail

During the following hours: Saturday January 2nd & Jan 9th 11 am - 4pm

All Christmas trees need to be free of:

All tinsel, garland, decorations and lights

Or they will NOT be accepted

TREE BRANCH

With the winter season upon us, high winds and ice storms can cause fallen tree branch es. If you have limbs down from trees please place them in the City right-of-way and our Public Works Dept. will work as quickly as possible to remove them.

Thank You!

Always Delayed: If on Monday:

MEMORIAL DAY | 4TH OF JULY | LABOR DAY | CHRISTMAS DAY | NEW YEARS DAY

Never Delayed

MARTIN L. KING | VETERAN'S DAY | COLUMBUS DAY | PRESIDENT'S DAY

REMINDER ALL CITY OF WATERVILLE TAXPAYERS:

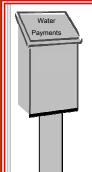

All Income Tax correspondence must be sent to the Regional Income Tax Agency (R.I.T.A.). The municipal building can no longer receive payments or tax returns. If you have any questions concerning your tax account please contact R.I.T.A. via their toll free phone number is 1-800-860-7482. Many questions can be answered on their website at www.ritaohio.com.

Please feel free to contact the City (419-878-8102) with any questions or concerns you may have, however, assistance with individual Tax Returns will only be available through R.I.T.A. .

When your new Phone Book arrives, don't forget to **RECYCLE** the old one!

UTILITY DROP OFF BOX

With the winter weather upon us, you may want to try out our outside Utility Drop Off Box. It is located on N. Second St. across from the Municipal Building Parking Lot. It is a silver box with 2 silver poles in front. It is just before you get to the Post Office Mail Box. Please be sure to put your account number in the memo part of your check!

Of course the lobby will still be open M-F / 8 - 4:30 to accept payments as well, there is also a drop slot inside of the building.

The City of Waterville wishes to recognize the individuals mentioned on this page, for their contribution to our community during 2015. Waterville continues to be a great place to live & work due largely to the combined efforts of these Residents, Committee Members & Employees.

HOLIDAY SAFETY TIPS

This holiday season, don't let the spirit of giving lull you into giving burglars, muggers, and pickpockets a better chance to do their dirty work. Crooks love the holidays as much as everyone else, but mainly because it's an opportune time for crime.

Homes jam-packed with glittering gifts. Stores, malls and downtown streets teeming with unsuspecting shoppers. People rushing around, stressed out and careless, looking for last-minute gifts, trying to get everything done. It's enough to make a crook giddy with holiday joy.

Here are some tips on how to celebrate safely this holiday season:

IF YOU ARE TRAVELING

Get an automatic timer for your lights.

Ask a neighbor to watch your home, shovel snow, and park in the driveway from time to time. Don't forget to have mail and newspaper delivery stopped. If it piles up, it's a sure sign you're gone. Fill out a "request for security check" form at the Waterville Police Department or online at: www.waterville.org.

IF YOU ARE OUT FOR THE EVENING

Turn on lights and a radio or TV so it looks like someone's home.

IF YOU ARE SHOPPING

Stay alert and be aware of what's going on around you.

Park in a well-lighted space, and be sure to lock the car, close the windows and hide shopping bags and gifts in the trunk.

Avoid carrying large amounts of cash; pay with a check or credit card whenever possible.

Deter pickpockets and purse-snatchers. Don't overburden yourself with packages. Be extra careful with purses and wallets. Carry a purse close to your body, not dangling by the straps. Put a wallet in an inside coat or front pants pocket.

IF A STRANGER COMES TO THE DOOR BEWARE:

Criminals sometimes pose as couriers delivering gifts. And it's not uncommon for people to try to take advantage of others' generosity during the holidays by going door-to-door for charitable donations when there's no charity involved. Ask for identification, and find out how the funds will be used. If you aren't satisfied, don't give. Help a charitable organization you know and like instead.

TAKE A HOLIDAY INVENTORY:

ENJOY THE SPIRIT OF THE SEASON:

Last but not least, don't let holiday stress get the best of your holiday spirit. Make time to get together with family, friends, and neighbors. And think about reaching out in the spirit of the season and helping someone who's less fortunate or lonely.

Do your part to make the holidays a safe and happy time for everybody - except criminals.

SAFETY TIPS FOR USING ALTERNATIVE HEAT SOURCES

With the cost of heating a house on the rise, many people are looking at alternative sources for heat this winter. Be sure that any alternative heating source that you are considering is properly installed and follows all manufacturers' safety procedures before operating the appliance.

Whether you use your fireplace regularly each year or not, you should have it cleaned and inspected. You should avoid using coal, charcoal, trash or paper wrappings in your fireplace. These items burn extremely hot and can cause chimney fires. Here are just a few safety tips to keep in mind this heating season.

- Your gas cooking stove and oven should not be used as a heating source. This is due to the danger of Carbon Monoxide that could build up in your home. Carbon Monoxide is an odorless, colorless gas that can be fatal when breathed.
- Kerosene heaters should be placed on level, hard and non-flammable surfaces.
 Store kerosene fuel in containers intended and marked as such. Never use gasoline in a kerosene heater. Even small amounts of gasoline can cause a fire when accidentally mixed with kerosene.
 Always refuel the heater outside and only after it has cooled.
- Generator usage also increases during the winter months. Remember - never use a generator in your home or attached garage. It should be operated in a wellventilated area and protected from the elements. It should only be refueled outside and after it has cooled down.
- Every home should have working smoke and carbon monoxide detectors; they can save your life.

SIDEWALK ICE & SNOW MAINTENANCE

With cold weather upon us, we would like to remind all residents that by City ordinance:

"Sidewalks must be clear of ice and snow at <u>all times</u>. Snow and/or ice should be removed within the first twelve (12) hours after daylight, following or during a fall of snow." (Section 521.06)

Certain ice control techniques can be very harmful to concrete. Rock salt and fertilizers (commonly referred to as de-icers that contain calcium) will deteriorate sidewalks. These substances will pit the concrete surface. The abrasive effect combined with the chemical reaction will have an extremely corrosive impact.

It is best to use shovels and ice tools to maintain sidewalks along with de-icers, sand or ash.

There are many *non-calcium* products available to control snow and ice that contain additives minimizing the corrosive impact of the active ingredients.

If you choose to use a calcium de-icer, *Calcium chloride* is less harmful than rock salt.

5 STEPS TO SAFER SHOVELING

The average shovelful of snow weighs 20 pounds, and all that lifting can lead to blisters, muscle strains, back injuries and even heart attacks.

So be careful!

₩ Warm up first.

Running in place or stretching beforehand will release chemicals in the muscles that help prevent injuries.

Take breaks.

Aerobically speaking, shoveling is comparable to weightlifting. Pace yourself and drink plenty of fluids.

Get a good grip.

Wear gloves thick enough to protect the skin from blisters. Space your hands apart on the handle to increase your leverage and make it easier to lift the snow.

Lift safely.

Squat with your legs apart, knees bent and back straight. Keep the shovel close to your body. Push the snow instead of lifting it, and throw snow forward - don't twist your body while lifting, carrying or throwing.

★ Watch for warning signs.

Health experts advise people at risk of heart attack, such as smokers and individuals with diabetes or high blood pressure, to take it easy while shoveling. Stop and get help immediately if you experience persistent shortness of breath, chest discomfort, weakness or excessive sweating.

Calling all City residents with green thumbs!

(or anyone who would like to spend time outside)

The City is looking for volunteers to help tending to the City's Flower Gardens for 2016. So if you have a green thumb, or would just like to get some sun and help with the beautiful gardens in Waterville please contact:

The Municipal Building at 419-878-8100

If you have an elderly or disabled neighbor, please take a few minutes to help them clear their walks.

Your kindness & consideration will be Appreciated!

WOULD YOU LIKE TO BECOME A PART OF WATERVILLE'S HISTORY WITH THE PURCHASE OF EITHER A BRICK OR A BENCH? EITHER WILL BE A PERMANENT GIFT AND THEY ARE AN EXCELLENT WAY TO COMMEMORATE ANY SPECIAL OCCASION, TO RECOGNIZE FAMILY MEMBERS, OR TO PROVIDE A LASTING MEMORIAL FOR A LOVED ONE.

Is there a hard to buy for person on your Christmas List?

One of these would be perfect!

ENGRAVED BRICKS

ENGRAVED PLAQUES FOR CITY BENCHES

Engraved Bricks will be located at the Clock Tower building at the corner of the Anthony Wayne Trail and Farnsworth Road. Engraved bricks are available in two sizes:

4" X 8" with up to three lines of text, up to 13 characters in each line (including spacing and punctuation) Cost : \$100.00

8" X 8" with up to six lines of text with up to 13 characters in each line (including spacing and punctuation)

Cost: \$225.00

The plaques are 8 1/2" wide by 5 1/2 " tall. There will be 4 lines available for engraving, 13 characters in each line (including spacing and punctuation)

Cost: \$450.00 (this includes the cost of the bench, the plaque and installation of the bench)

For more information or to find an order from, please visit our website www.waterville.org, under the Forms/ Misc. tab at the top of the page.

Forms are also available at the Municipal Building at 25 North Second Street, Waterville, OH

If you have any questions, please call the City at 419-878-8100.

^{*}The City of Waterville reserves the right to approve all copy to be engraved on the bricks or the plaques.

ESTIMATED INCOME TAX DUE

City of Waterville Estimated Tax Payments are due Quarterly. Payments should be sent to the Regional Income Tax Agency (R.I.T.A.) When completing your tax return if you complete the Estimated Tax Section Line #20 on an Individual Tax Return (Form 37) R.I.T.A. will send you quarterly invoices. If you did not fill in the form, or if you were not aware that you were going to be submitting Estimated Payments, you can complete A Declaration of Estimated Tax (Form 32). Every person who anticipates any taxable income (City Ordinance 171.07) must file a declaration of Estimated Taxes if you anticipate owing more than \$10 in income tax during the year.

| QUARTER | ESTIMATED PAYMENT DUE |
|--------------------------------|--------------------------|
| 1ST ~ January 1 to March 31 | APRIL 15 |
| 2ND ~ April 1 to June 30 | JULY 31 |
| 3RD ~ July 1 to September 30 | OCTOBER 31 |
| 4TH ~ October 1 to December 31 | JANUARY 31 |

ATTENTION: Landlords, don't forget to update any changes in tenant status in the properties that you own in Waterville. You can find the forms on our website www.waterville.org under the Income Tax Link. Chapter 171.18 Ord. 34-11

ATTENTION: All Tenants, as a *tenant in the City of Waterville you are required to pay municipal income tax to the City. If you have not already done so, please contact R.I.T.A. to set up an account.

If you need further information please visit the R.I.T.A. website www.ritaohio.com, or call their toll free phone #800-860-7482 for assistance.

MAIL BOX Now is the time to check your mailbox to insure that it will withstand the winter snows. The City of Waterville will not repair any mailboxes which are damaged as a result of snow and/or ice or any other objects dispersed by the snowplow. CHECK It is the homeowners' responsibility to maintain their mailbox to withstand the rigors of a winter snow. Mailboxes should not overhang any curb nor pavement surfaces used as part of the travel lanes. The City will only replace/repair mailboxes that are actually hit by the snowplow, but will not repair any mailboxes which overhang the curb edge of pavement.

MED RETURN DRUG COLLECTION

The Med Return box is located in the rear entrance of City Hall. It is available during normal City Hall business hours. Anyone (not just Waterville residents) may deposit unused prescription and OTC medications in the box.

The Med Return box will not accept pill bottles or packaging. So residents will need to empty the pills into the drop chute, then dispose of the containers themselves. Liquids and creams are not accepted. The Med Return box was paid for by the AWAKE coalition. It cost \$695.

Household Tips for Saving Water Every Day

How much water do you think you use?

If you take a 5 minute shower you can use between 25 - 50 gallons of water.

The average dishwasher uses 9 - 10 gallons of water.

Hand washing dishes can use up to 20 gallons.

Hoses can use 5 gallons per minute.

A slow drip can waste 15 - 20 gallons per day.

A single lawn sprinkler can spray 5 gallons per minute.

If you are paying for 2 meters at your home you can pay for both of them with one check, just indicate account numbers in the memo.

Please do NOT staple or tape you checks to the bill stub.

WATERVILLE'S SNOW EMERGENCY PARKING BAN

In order for the streets to be cleared, it is necessary to ban parking on streets during a "snow emergency".

A snow emergency exists when snow reaches an accumulation of 4" (four inches) or more.

"From the inception of a snow emergency until 24 hours thereafter, or until such time as the snow has been removed, if such time is sooner, no owner of any vehicle shall be permitted to park or stand on any municipal street." (Section 351.15) Vehicles may be parked for a period of

not longer than 15 minutes from the actual loading or unloading of passengers or property if snow removal equipment is not being operated on such street and no other ordinance restricting parking is violated.

Whenever such an emergency exists, the Municipal Administrator shall make a reasonable attempt to announce the emergency by informing at least two radio and/or T.V. stations with a normal operating range covering the community.

However, owners and operators of

motor vehicles are responsible for assessing existing weather conditions and the depth of snowfall and should comply with the parking restrictions.

"No person shall cause or permit snow to be moved, placed, or stored over or on any portion of the paved right-of-way of any street from any location on private property."

Please help us keep your streets safe and free of ice & snow.

Pre-Storm Parking Ban Important Notice!

When 4" or more of snow is <u>forecast</u>, we ask that residents remove their cars from the streets <u>prior</u> to the storm. This will allow our crews to begin clearing the roads as quickly and thoroughly as possible.

Please <u>DO NOT</u> wait until AFTER the snowfall begins to move your vehicle.

3 LEVELS FOR ROAD EMERGENCY IN LUCAS COUNTY

With the winter season upon us we would like to provide you, once again, with the definitions of the 3 snow levels that the news media will be using.

If you have any questions or concerns please contact the City of Waterville Administration offices at 419-878-8100, or the Waterville Police Department at 419-878-8184.

LEVEL I Roadways are hazardous with blowing and drifting snow. Roads are also icy. *Drive very cautiously.*

LEVEL II Roadways are hazardous with blowing and drifting snow. Only those who feel it is necessary to drive should be out on the roadways. Contact your employer to see if you should report to work.

LEVEL III All roadways are closed to non-emergency personnel. No one should be out during these conditions unless it is absolutely necessary to travel. All employees should contact their employer to see if they should report to work.

Those traveling on the roadways *may* subject themselves to arrest. If extreme conditions exist (such as high winds with extreme wind chill factor) a **Level III** ***Red Alert** may be issued.

SAFETY TIPS FOR BLIZZARD CONDITIONS

As we all know, the weather in our area is very unpredictable. We feel it is important to provide you with the following tips to review *before* getting caught in any unexpected winter weather situations.

Avoid Overexertion & Exposure

Exertion from attempting to push your car, shoveling heavy drifts, and performing other difficult chores during the strong winds and bitter cold of a blizzard may cause a heart attack even for people who are in good physical condition.

Stay Inside Your Vehicle

Do not attempt to walk out of a blizzard. Disorientation comes quickly in blowing and drifting snow. Being lost in the open country in a blizzard is almost always certain death. You are more likely to be found in your vehicle.

Carbon Monoxide and Oxygen Starvation Run the engine and heater sparingly, and only use the downwind window for ventilation. Freezing wet snow and wind driven snow can completely seal a

vehicle, make sure you have access to fresh air at all times.

Exercise by clapping hands and moving arms and legs vigorously from time to time to keep your body warm.

Turn on Your Dome Lights at Night to make sure your vehicle is visible. Do not permit all occupants to sleep at one time and keep good watch.

Winter Driving Tips

- The leading cause of death during winter storms is motor-vehicle crashes. The following are winter driving tips from the Ohio Department of Public Safety.
- When driving in the snow, accelerate, turn and brake slowly and gently. Always leave plenty of distance between you and other vehicles.
- On slippery roads allow at least three times the normal distance to reach a full stop and avoid skidding. This means your safe distance behind a vehicle in front of you should be three times as far. And you must begin braking three times as far away from the stoplight or corner where you turn.
- In heavy snow, keep your lights on.
- Clean the snow off your windshield, headlights and taillights before driving. Stop and clean your windshield and lights if necessary.
- Keep your vehicle in top mechanical shape.
- Listen to the weather forecast.
- Remember sometimes the best winter driving strategy is to stay home.

Common Questions From Waterville Residents

(Everything You Ever Wanted to Know About City Ordinances, but were afraid to ask!)

The police department fields questions quite frequently from citizens about various City ordinances. Among the most common are questions about the so called "leash law," temporary signs such as garage sale signs, hunting in the City limits, and clearing sidewalks of snow and ice after a Winter storm.

So here's the facts, ma'am – just the facts!

<u>Leash Law</u>: Actually, there isn't what you would commonly call a leash law in Waterville. Normally, a leash law requires dogs to be kept on a leash whenever they are off the owner's property. But Waterville's ordinance is a bit different.

Ordinance 505.01 refers to *any animal or fowl* running at large on public property, or on private property without consent of the owner. So its not just dogs, but also cats, chickens, ducks and even the occasional purple three-headed newt!

Very closely related to this are two other City ordinances. Section 505.08 requires the owner or caretaker of a dog, a cat, or other animal to pick up any defecation left on public property or the property of another. In other words, if your dog, cat or other animal you are caring for leaves a pile on City property, or on the private property of another, you are required by this section to remove it. And section 505.09 prohibits allowing a dog to create a nuisance by barking or howling.

Taken together, these three ordinances require that your animals be controlled, clean and quiet.

Temporary Signs: This is a big one – especially during garage sale season. Ordinance 1315 prohibits any temporary sign on the public right of way, except those that have been erected by, or approved by the City. This includes ground signs, and signs attached to trees or poles.

Generally, the public right of way is the area from the public sidewalk on one side of the street to the public sidewalk on the opposite side of the street. This includes the green space – or *Street Lawn* – between the sidewalk and the curb. Garage sale signs, real estate signs, or any other type of temporary sign is simply not permitted in this area. Through the course of a typical year, City employees remove and disposes of hundreds of these temporary signs.

The reason for this ordinance, and the City's strict enforcement of it can be seen in many of the surrounding communities. Some intersections in area communities are so littered with signs that it makes that entire area look like a garbage dump. So to keep Waterville clean and free of sign blight, this ordinance is aggressively enforced.

However, there are two locations on the public right of way where temporary signs are permitted. One is the strip of median between Wilkshire and Edgerton, at Michigan Avenue. The other is at the corner of Canal St and the Anthony Wayne Trail.

<u>Hunting</u>: There's no need to go into a lot of explanation here. Hunting, or discharging a firearm within the City limits, is prohibited! Sorry!

<u>Clearing Sidewalks of Snow/Ice</u>: This one also doesn't require a great deal of explanation. If you have a public sidewalk adjacent to your property, Ordinance 521.06 requires that snow and ice be removed within 12 hours after daylight, after the snow/ice storm ends.

So there it is. Its not the winning lottery numbers or the secrets of the universe.

But it is good information to keep you from receiving a visit from your friendly police.

10

Winter 2015-2016

Fire Chief Patrick Wambo

of an important team that keeps Waterville fire safe.

Waterville Fire Department

"FLASH POINTS"

Fire Hydrants and Snow Falls!

The City of Waterville obtains its water from an elaborate water piping system from the City of Toledo. An important part of that system is the fire hydrants. Most of the fire hydrants throughout the city are city-owned and maintained; others on the outskirts of town or into Waterville Township are owned and maintained by Lucas County government.

Fire hydrants are an important piece of the fire department's fight against fire. Fire apparatus on the average only carry about 700 gallons of water, and for some 'working fires" would be used up in a matter of minutes. Thus, it is important for firefighters to be able to locate and have full access to fire hydrants. This is where you fit in!

You can assist the fire department in the winter months by keeping a fire hydrant in front of your home clear of snow, especially large accumulations that can pile up around hydrants located closer to street curbs than others. If you can, please shovel snow away from hydrants by at least 3 feet in all directions. It takes firefighters time and effort to clear accumulations of snow and be able to connect fire hoses. In addition, some fire hydrants are lower to the ground than others, and are difficult to see if covered with snow. The fire department staff has been working on applying markers or flags to certain hydrants that appear to be in this type of situation. However, not all hydrants receive markers or flags for visibility. By helping the department with removal of snow around hydrants, you are part

Carbon Monoxide

Carbon monoxide is a product of the combustion, or burning, of fossil fuels such as natural gas, propane, wood-burning stoves, or internal combustion engines – such as an automobile. You cannot see, smell or taste carbon monoxide – it is a deadly, poisonous gas that leads to injury and deaths each year across the country. Carbon monoxide, the gas that is a little heavier than the air we breathe, can cause you to become sick, or can be fatal, within a short time period, depending upon different factors. Young children and older adults (especially with a history of chronic illnesses) are more susceptible to carbon monoxide poisoning than young adults. Carbon monoxide however, does not discriminate – it can be fatal to humans and animals.

Carbon monoxide is given off in various ways within homes. Fireplaces not vented properly, or forced air furnaces with old or damaged heat exchangers or flues, natural or propane gas kitchen stoves that are old or not maintained, water heaters that have plugged flues or are not maintained properly. If not installed or maintained properly, these heat-producing appliances have the habit of giving off this deadly gas named carbon monoxide. In addition, people that run their cars or other vehicles with internal combustion engines inside their closed garage doors are in danger of being asphyxiated with the gas.

If you start to have symptoms of carbon monoxide poisoning, such as a headache, excessive drowsiness for no explanation, nausea and or vomiting (flu-like symptoms), contact the Waterville Fire Department – by calling 911 - for immediate assistance.

So basically: have your home's furnace maintained by a licensed heating contractor; your wood-burning fireplace examined by a professional chimney sweep; and have problems with such appliances as water heaters or other natural gas fueled appliances serviced or repaired by professionals – such as licensed plumbers. Another important device that will add to your safety is a carbon monoxide detector, which can be available at local home improvement stores. These devices need to be installed in the correct location(s) in your home – so follow the manufacturer's directions or contact the fire department or your gas company representative for assistance.

Waterville Branch Library / 800 Michigan Avenue / Waterville, OH 43566 / 419-878-3055

Plus lots of other fun and educational programs to get you reading and sharing with friends.

3 HOMEOWNER HELPFUL HINTS:

- * Contact the Lucas County Solid Waste Management District at 419-213-2230 if you have any recycling program questions or go to http://co.lucas.oh.us/DocumentCenter/Home/View910 for the latest Recyclers List.
- * Disposable wipes does not mean flushable. Cleaning wipes and baby wipes do not dissolve and can get stuck in sewer pipes and cause costly sanitary sewer backups. Please dispose of them with the trash.
- *Be sure to check you homeowner insurance rider on your policy to ensure protection from a sanitary sewer back up.

Public Works & Utility Billing Reminders:

Be sure to disconnect all outside garden hoses before the temperatures drop below freezing. If a hose is hooked up and the hose is attached and the spigot is left open, once the water freezes, the hose will split and water will continue to run, giving the homeowner high water usage. Most of the time the homeowner catches the leak fairly quickly, however a hose running during the day while you are out, or overnight can use up a lot of water quickly. In just a 12 hour period the consumption could range between 2,000 & 5,000 gallons.

5:30 a.m. - 7 p.m. 8 a.m. – 5 p.m. 12 p.m. – 5 p.m.

Programs Offered: Arts & Humanities Dance Day Camp Group Exercise Martial Arts Personal & Linebacker Training Sports Camps Sports Specific Training Swim Lessons at Wolf Creek & Fort Meigs Ys
